Hi Chance,

It looks like June 14 or 15 will work for our group as well. We are open to driving to Ecology's office for the meeting if that works best for you. If the meeting is scheduled for the 15th, it looks like we will need to be back to Seattle for a 3pm meeting, however.

I'm going to be out of the office for 2 weeks after today, so if we are not able to confirm a date today, please coordinate scheduling the meeting with Lisa Macchio (206-553-1834). I will try and give you a call later this afternoon to see if we choose a date/time.

Right now, the following are planning on attending: myself, Lisa Macchio, Angela Chung (WQS Unit Manager) and Adrienne Allen (water quality attorney). We may still have an attorney with Superfund experience joining us.

Thanks,

Matthew Szelag

Subject: SMS Rule Discussions Write Up - Prep for June Meeting

Matt and Cheryl,

As discussed, I developed a brief summary of our last discussion. Please see attached. I have attempted to frame the write up so it may be a useful tool to send to attendees ahead of our June meeting. A few things we need to do before the meeting:

- 1) Determine a date and location. Currently Ecology folks appear to be somewhat available on June 14 and 15 (with some exceptions). Would EPA be willing to travel to Ecology?
- 2) Determine who will attend from the AG's offices. Ecology would likely have Ivy Anderson (Cleanup) and Ron Lavigne (WQP) attend. Matt is planning on doing some research to see which EPA attorneys with cleanup and water quality experience are most appropriate to attend.
- 3) Review the attached write up and let me know if I have captured the salient issues. If not, please provide your input as you feel necessary.

Talk to you soon.
